ManaRocks is a new type of online card game called Seasonal Card Game. In SCG, the set of cards changes every season, creating a new experience and meta for . In fact, this isn't the first time we've seen ManaRocks turn into a game where you can buy new cards to change the meta. In particular, this happens with ManaRocks. We have seen similar transformations before. So, ManaRocks had two modes - Basic and Survival, each of which had its own sets of base cards and its own builds. Basic - For beginners and those who don't want to take the time to create their own build, for those who just want to play with friends.
